PESS LINE, Pa., April 7. Mesers, Harris & Co .- Sirs: Since I was at your store in July last, I have used E. Dean's Chemical Plaster, which I have received from you at different times, and feel myself in duty bound to you as proprietors, and to the public generally, to recommend the same as a safe and efficacious remedy for those complaints for which it is recommended. I have used it in several cases and constantly keep on hand a of inflamed eyes, in some of which its effects as a large and well selected supply of curative have been decided, and in no case has it failed of giving relief where it has been applied according to directions, and all who have used it are perfectly satisfied with it so far as I know. I have also applied it in some severe cases of sque in the breast with the happiest effects,

I would also relate the case of Mr. Thomas Logan, who has been afflicted with the rheumatism in one hip for thirteen years, so that he had been compelled to abandon labor, in a great measure. I let him have a box of the Plaster, he applied it, and for three days found, as he suped, no benefit, but after that he perceived that the pain was not so severe, and in less than two weeks he could labor hard all day and rest free from pain at night. He says he would not part with the box he has for three hundred dollars, providing he could not obtain another. He also says to me, keep it on hand and recommend it wherever you go

I have used the Plaster in cases of pains in the side, back, shoulders, &c. with like good effect, Yours, &c. DANIEL KNEELAND M. D.

MONROE June 18, 1839. Messrs, Harris & Co.—Sirs: I have used E. Dean's Chemical Plaster for four years past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronc and acute rheumatism, sprains of the wrist, pieces of plain and fancy Cassimers, ankle, shoulder, &c. In felons, whitlow and " Sattinetts, scrofulous swellings of all descriptions, it is genhad been done without success, until we com-menced using Dean's Chemical Plaster. We enveloped the knee and a portion of the limb in the Plaster, and in three days the swelling entirely disappeared, and in ten days he went about his ordinary business. Such has been our success with the article, and we now willingly recom-

mend it to the public for a trial.

Durlington, Beaver County, Pa. ?

February, 1839, 5 Dear N'r-I feel it due to you as the inventor of the medicine and to the public, who may be greatly benefitted by it, to state a cure that was performed in my family, by the use of your "Carinative Balsam."

My little son, when about two months old, was pose, by a change of diet. It continued for two weeks without intermission, and notwithstanding the remedies prescribed by a respectable physician, we gave up the child a victim, as we supposed, to a fatal disease, but I providentially heard of Jayne's Carminative," as an effectual cure for sowel complaint, and immediately despatched a nessenger to a town seventeen miles off for a botthirty six hours the disease was checked; and by its continued use for a few days the child was restored to perfect health. Shortly after this, his son, there occurred a similar case in one of the famions, white swellings, chilblains, &c...Persons | lies of my congregation, and the result was a speedy cure. lies of my congregation; I prescribed "Jayne's From a knowledge of the efficacy of your medicine in bowel complaints, a discuse to which children are constantly liable, I have obtained and keep constantly in the house, a quantity of the Carminative.

The same child, owing to exposure, when recently coming up the Ohio, was attacked by the horrible malady, CROUP. We landed in the night at Beaver Point, and when our fears were alarmed lest the hoarse sepulchral cough was the forcrunner of death, we gave him a teaspoon full of the "Expectorant," (a bottle of which you presented me with when in Philadelphia) and applied some lineament to the throat and breast, and before many minutes the hearseness was gone, the child breathed freely and slept sweetly. Owing to these circumstances it cannot be wondered at why I have so high an opinion of Dr. Jayne's medicine, and why I advise every family to keep by it on hand ready for any emergency.

Respectfully yours, ARTHUR B. BRADFORD. Pastor of the Presbyterian Church, Darling-

Dr. D. JAYNE. Lambertsville, N. J., April 17th, 1839. Dr. JAYNY-Dear Sir,-By the blessing of God our INDIAN EXPECTORANT has effected a cure in me of a most distressing complaint. In December last, I was seized with great severity by a Paroxysm of Asthma; a disease with which I had been afflicted for many years past. It was attended with a hourseness and soreness of the lungs and throat, together with a laborious cough and complete prostration of strength, and when almost worn out with suffocation, a bottle of your Expectorant was sent to my house. At first I thought it was nothing but quackery, but seeing it so highly recommended by Dr. Going, with whom I was well acquainted, I was induced to try it, and in a few days it completely cured me, nor have I ever had any return of the disease since I have now formed so high an opinion of your medicine, that if I had but a few bottles of it, and could obtain no more, I would not part with them

for ten dollars each. Yours, most respectfully. JOHN SEGER. Pastor of the Baptist Church at Lambertsville.
